Spring 2002, dark grulla mare w/blaze.

Pretty, well balanced mare is very easy to handle.

Professionally trained and well started under saddle as a three year old

Has been ridden the past two years and is just as good today as when she was last ridden.
Adapts to level of her rider.
Has had kids and inexperienced riders, as well as those that really want to go.
She is happy plodding along with beginners or will really step out with more experienced riders.

Great broodmare prospect, should produce larger, easy-going foals.
